

Press coverage – Saint Cosme

Saint Cosme got rated **FYND!** in **Allt om Vin** in September issue 2013. **FYND!** is a very good review to get since the tasting team behind this magazine is the most prominent we have in Sweden. And this review communicates great quality for money to consumers and it is something we can and will use in our marketing.

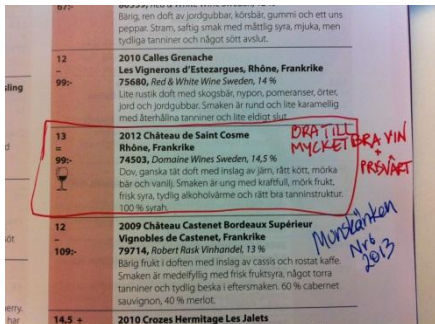

Text in magazine translates: An open, rich, nice and appealing nose in modern, meaty, spicy and a little sweetness, lively Rhône style. Rich, soft and spicy flavours in well-made and food friendly style.

Sofia Ander, wine writer at Nya Wermlands Tidningen and blogger at Din Vinguide, attended a tasting at our office where we had all our wines available to try. She mentioned Saint Cosme 2012 in her wine blog (sommeliers and wine interested followers): <http://www.dinvinguide.se/sofiaander/sortimentsprovingar-x-2/>

Text in blog translates: We continue with France and a little more south, Rhône. Here is amazing Saint Cosme with their white Cotes du Rhône Blanc and their red Cotes du Rhône Rouge being great purchases. The red wine is in the special ordering assortment at a very low price of 99 SEK.
